Présentation

For two years as a web developer at Sahaza Group, I made substantial contributions to the development of the Legalife.fr platform, leading to an increase in revenue during this period. Additionally, I work on personal projects using ReactJS and NextJS at home. I have a genuine passion for these JavaScript libraries and am currently seeking a position that allows me to further explore and work with them.

Skills

Frontend

- ReactJS (NextJS)
- Javascript (jQuery, AJAX)
- HTML
- CSS (Material UI, Tailwind, Bootstrap)

Backend

- Nest JS
- NodeJS
- PHP (Symfony)

Database Management System

- MySQL
- PostgreSQL
- MongoDB

Design Methodology

MERISE , 2TUP

Modeling Language

UML

Work experience

Developer web full-stack

Since May 2024 **AZ Plus** Ambohimandra, Antananarivo, Madagascar

- I contribute to the development of Aplus and I am the creator of the UI and UX for the AZ Plus vendor page (<https://vendeurs.azplus.mg/>) using the Next.js framework.

Computer skills

Versioning Tools

Git/Github/Gitlab

Operating Systems
